## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 13 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 13 recites "detecting whether a pressure in the first brake circuit is below a first limit value; detecting whether a pressure in the second brake circuit is below a second limit value". It is not clear if the pressures and limit values correspond to the previously recited pressures and limit values, or if they are additional requirements.

### ***Allowable Subject Matter***

Claims 2-6 are allowed.

Claim 13 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
